## 2005 340 CRUISERS EXPRESS

The 2005 Cruisers 340 Express offers unbeatable performance in an expertly designed, luxurious cruising package.

Above deck, the Cruisers 340 Express features a double-wide helm seat for maximum cruising comfort as well as a walk-through windshield allowing for easy foredeck access. The double bow pad provides the perfect place to soak up the sun.

Further aft, she offers a spacious U-Shaped cockpit seating arrangement with a table that can be lowered to convert into a sun lounge, or it can be removed to provide even more space. This well-thought-out cockpit arrangement also includes a wet bar with sink and refrigerator with an extended Bimini overhead for shade.

The large swim platform at the stern provides plenty of room to access the water easily. There is a spacious transom locker and a hot & cold freshwater shower at the walk-thru.

Beneath her sleek express exterior, the 340 has an open interior arrangement that provides an open, airy, and spacious salon with more headroom than any boat in her class. Three large ventilating skylights bathe the interior with plenty of natural light. Forward, there is a diagonal double berth generous storage space and a privacy curtain.

The spacious head area features and Vacuflush toilet, sink, mirrored vanity, and a separate shower stall. No other cruiser of this vintage and class has a completely separate shower stall. A fully equipped galley, located to port, offers all the necessary amenities, such as an electric stove, large refrigerator and microwave oven. Across from the galley lies a u-shaped dinette, which can be converted into a berth for extra overnight guests. The aft settee also easily converts to a double berth with a convenient privacy curtain. As an additional liveaboard luxury, the 340 features a roomy head, unsurpassed in this size class with full standing headroom.
